### 'Poet of Piano' Featured In Tabernacle Tomorrow

Jan Cherniavsky, world-famous "poet of the piano," will appear on Wednesday, Jan. 24, at 8:15 p.m., in the Provo tabernacle. He will be the third artist to appear in the winter quarter concert series.

Born in Kiev, Russia, the son of a noted violinist and conductor, Mr. Cherniavsky showed musical talent at an early age and joined with his brothers in an ensemble which traveled throughout Europe on concert tours. On an appearance in Vienna during one of these tours, 12-year-old Jan attracted the attention of the great master, Lechetsky, who accepted him as a pupil.

After two years with Leschetzky, the youthful protégé began a career which caused him to be acclaimed as a brilliant recitalist as well as a remarkable member of an ensemble which continued to triumph musically on one continent after another. The Cherniavsky Trio, composed of Jan and his brothers, violinist Leo and cellist Mischel, concertized for many years before breaking up to begin individual concert tours.

Mr. Cherniavsky's first appearance in the United States was in Utah with the Cherniavsky Trio. He has played more concerts in Provo than in any other city in the United States. His Wednesday evening appearance will be the 25th concert in Provo, according to Herald B. Clark, BYU Community Concert series director.

The artist has appeared in recitals throughout Europe, Asia, Canada, and the United States. He has also appeared as soloist with major symphony orchestras, both in the United States and abroad.

#### Jan Cherniavsky

**Power of Concentration**  
MIAMI (INS)—Judges of one Miami beauty contest have added a new wrinkle to their task. The aim of the contest is to pick one girl out of twelve contestants with the most beautifully typed hair.

In order to concentrate on their work, the judges have ordered necks to cover the girls from the neck down.

### Periodicals Enlarge Science Collection

A substantial collection of bound and unbound periodicals has been presented to the new science library by Dr. Milton Marshall, professor of physics at Brigham Young University.

The bound publications presented by Dr. Marshall total about 125 volumes. These volumes are now on the shelves of the newly opened library in the Physical Science building.

Some of the unbound publications will be used to fill in gaps in existing library collections. Other unbound periodicals will be added to the scientific literature already on library shelves.

### Auto Tragedy Claims Life Of Y Student

Funeral services for Joseph Richard Pulsipher, 24, Orem, were held Friday at the Windsor Ward chapel in Orem under the direction of Bishop LeGrand Jarman.

Additional services were held in the Beaver First Ward chapel Saturday, directed by Allen C. Reynolds, bishop of the Second Ward. Burial was in the Beaver Cemetery.

Mr. Pulsipher, a student at Brigham Young University, died from injuries received in a two-car crash Wednesday on U. S. highway 91, north of Lehi. His light truck skidded on the slick, snowy road into an oppositely bound car driven by Herman Long, Salt Lake City. Mr. Long

### Ad Error Contest Starts Next Week

For the alert Brigham Young University student who reads the UNIVERSE with care, opportunity knocks again.

Known as the "Ad Error Contest," a new promotion which valuable prizes involved for UNIVERSE readers will begin in next Tuesday's paper. In each issue of the paper there will be mistakes purposely placed in the advertisements.

Several gifts will be given away per issue to the students who detect all of the errors, circle them in red, and present them by a certain time at a designated business house.

In case of ties, the winners will be determined by activity card numbers.

Watch Thursday's issue for further details on this new contest.

### Juniors, Seniors Set Date For Teaching Exams

All juniors and seniors who have not already taken the examination for admission to secondary student teaching must do so at the earliest possible date, according to Professor A. John Clarke, acting chairman of the department of Secondary Education.

Students who fail to show satisfactory preparation will be required to write a second examination not earlier than a year after the first examination, and on the second examination will be required to show marked improvement in the areas of weakness.

The examination normally will be scheduled Saturday of the sixth week of each quarter. The exact date will be announced.

If a student fails to take the examination before his senior year, he may be required to wait one year before he begins his student teaching if the examination reveals areas of marked weakness. It is therefore imperative that students take this examination at the earliest possible date after they become juniors, Professor Clarke said.

### AMS Lists Committee Heads For Annual Snow Carnival

The old snow ball is rolling again as plans for the Associated Men Students' annual Snow Carnival, now set for February 1-3, gain momentum.

Newly chosen committee chairmen met last Thursday night to coordinate plans for the affair which will include an assembly, dance, snow sculpturing and skating contests, a skiing tournament, and the choosing and crowning of her majesty, the queen.

Planning for the carnival has been divided into twelve committees under Ron Vincent, Snow Carnival chairman. The Ski club, with Lamarr Jensen as chairman, is handling the ski tournament, and the skating is being planned under the chairmanship of Lewis Winters. Transportation and road committee chairman is Dick Held, and publicity and radio news paper advertising are under the direction of Cal Pratt and Monte Hickenlooper.

### Plans Moving For Annual Banyan Ball

Plans for the Banyan ball, to be held on February 16, are now in progress, according to co-chairmen Ruth Ellen May and Sally Madison. The theme of the semi-formal dance is secret, however, and the name of the queen chosen by John Robert Powers will not be revealed until the dance.

Other committees and chairmen are Rosemary Bean and Carme Hansen, refreshments; Pat Hales and Lorraine Greenwood, intermission; Dorthene Beck, publicity; Benny Morten, song selection; Mose Flako, queen publicity; Agnes Weibel, decorations; Juanita Vinger and Dixie Taylor, bands, tickets and programs.

Joe Pulsipher

and his two passengers were uninjured. Mr. Pulsipher was placed in the army two years during World War II. From 1943 to 1950 he labored in the French and Belgium LDS mission.

Following his return to the U. S. he entered BYU spring quarter of 1950, majoring in modern languages. He was active in the French club and Delta Phi, returned missionary fraternity.

### Draft Changes Aid Status of University Men

WASHINGTON, (INS)—The Defense Department has placed into effect relaxed draft regulations covering students.

Under the new policy, college men may enlist in the service of their choice even if they have been summoned by draft boards for army pre-induction physical examinations.

Previously, a potential draft student or lost the opportunity of enlisting once he had received notice to take a physical.

As a result, students across the country in recent weeks have been rushing to recruiting offices. The new rule provides that a student may enlist any time during the two-month period preceding the final year of his school year. He will not be called to duty until the semester is completed.

### Transportation Tickets To Denver Games On Sale

Transportation tickets for the BYU-Denver basketball games Thursday and Saturday at the Utah Fieldhouse are on sale this week at the studentbody offices.

Tickets to the Thursday game must be purchased by Wednesday night. The office will be open from 1:30 p.m. today and tomorrow, according to Al Choules, studentbody officer.

Transportation tickets to the Saturday game will be sold to students and be purchased until Friday night.

At press time, transportation was planned by bus, and the charges are \$1.00 each for the round trip.

President's office has announced that regular week-end dormitory hours will prevail Thursday evening.

## Former Student Appointed To Study Bureau

LUDAS King has been appointed director of the Bureau of Home Study as of January 1, 1951, according to Dr. Harold E. Clark, dean of the Extension Division, Brigham Young University.

Mrs. King, a former BYU student, is a Provo resident, and has just completed a mission in northern California for the Church of Jesus Christ of Latter-day Saints. She succeeds Mrs. Mary Hyde, who recently resigned.

### 300 Enrolled

The home study bureau had an enrollment of 300 for the six months period ending December 1950, which was an increase of 46 over the same period in 1949. Enrollment is composed of students regularly attending BYU as well as non-resident students, 55 students on the G. I. Bill, 22 members of the armed forces, and a few high school students.

### Consent of Dean

Students regularly enrolled at the Y must have the consent of their dean before they can take home study courses. However, it provides a valuable means of gaining credit during the summer. Such courses are not a short-cut though, they require the same amount of work as a regular class and in most cases give the same amount of credit.

"THAR SHE BLOWS!"—A jet of escaping steam roars skyward, carrying mud and rocks to nearby cars.

Central Utah Yellowstone. . .

## Steam Jet Eruption Covers Cars With Muddy Debris

by Jim Brimhall

Students were touched by wonder and awe recently when an ominous roar and a white steam cloud issued from the new heating tunnel just north of the Physical Science building, covering nearby cars in the parking area with stones and mud.

The blow-off, which drew many spectators between classes, stemmed from a test run of a new 1,000 horsepower boiler unit at the central heating plant. When the steam pressure in the main lines was raised above normal by the new boiler, the heating engineers allowed the excess pressure to escape through a vent pipe located in the heating tunnel north of the science building. The resulting blast of steam roared against the bank of the trench and sprayed sand, rocks, and mud on several autos parked nearby. The jet lasted for about twenty minutes.

The heating plant, according to Leland M. Perry, superintendent of Buildings and Grounds, is now preparing to Wyoming VII, Campus Dormitory, Social Hall, the Physical Science building, and the Fieldhouse. Plans

are being made to extend the lines to the Smith, Maeser, Brimhall, and Library buildings so that all buildings on upper campus will be heated from a central place.

This is the third boiler unit to be installed in the central heating plant, and room has been left for a fourth.

## Physical Exams Required For Student Teachers

All students who expect to do secondary student teaching should take a physical examination at the Health Center, Professor A. John Clarke, acting chairman of the Department of Secondary Education, announced. The results of this examination should be available to the Committee on Admission to Secondary Teaching when they consider the student's application for admission.

Examinations are given at the Health Center without charge upon presentation of the student's activity card. Appointments must be made in advance at the Student Health Center.

## Variety of Film Masterpieces Feature Language Series

Film masterpieces in many languages are being sponsored by the Language department this quarter and next. Japan, Spain, France, Germany, and Russia will all be represented, and there will also be a Latin-type picture, according to Mr. Carl Gibson of the Language department.

The first of the remaining films is "Bye Bye No Kaiti" (Beauty in White), a novel about Japanese family life, which will be shown on January 26, at 7:30 p.m., in the Joseph Smith auditorium.

Anthony and Cleopatra

On February 1, "Anthony and Cleopatra" will be shown. This is one of the greatest of all silent pictures and has never been equaled in the Latin film. It was filmed in Alexandria, Egypt, and Rome, Italy.

On February 8, a Spanish film, "Las Aventuras de Chico" (The Adventures of Chico) will be shown. It is the story of a little boy on a lonely Mexican ranch and is narrated in very slow, easy-to-understand Spanish.

French Picture Slated

On March 8, the French picture, "The Baker's Wife," which Harper's Bazaar calls, "the lustiest, hawdiest, most compassionate comedy ever screened," will be presented at 7 p.m.

The Spanish film, "Angelitos Negros," which deals with racial problems, will be shown on March 29.

April 12 brings a psychological drama of post-war Germany, "Murders Among Us," "Colonel Chabert," based on Balzac's masterpiece will be shown on April 26, and the final picture of the year will be the Russian film, "The Magic Horse," to be shown on May 24. This is an animated picture based on the Russian fairy tale.

FOR ARROW UNIVERSITY STUDENTS

## Finnish Student Contrasts Y To Helsinki U.

Hailing from Tampere, in the cold northern country of Finland, to attend BYU is Sauri Juhani Juhana Pataja. Sauri is among the approximately 300 foreign students attending BYU.

In explaining the differences in American universities and those of Finland, Sauri said, "In the University of Helsinki, which I attended for a year we had what we called 'academic liberty.' We could take two or 30 hours if we liked."

Credits are not given to Finnish students for high classes they take and the only grades they get are either 'pass' or 'failure.' There are no 'honors'—classes are continuous throughout the school year.

Everyone does not go to school just to graduate the way you do here," says Sauri. "And it is only in scientific and special fields that degrees are given."

Sauri, who is majoring in languages, speaks Finnish, Swedish, English and some French and German.

She said missionaries had prepared her well for what to expect of America and she likes what she finds here very much. She is here mostly because of the church and is supporting herself by doing translation work for the church.

To a new truth nothing is more marvelous than an old error. Goethe.

## Varsity Band Uncovers Mystery About 'The Thing'

"What is 'the thing'?" The Varsity band has solved that outstanding question of the current year.

The answer was manifested during the Thursday rehearsal. As the director tossed his baton the wind instruments released deep and the drummers grappled their sticks, but as the baton came down, a full crash from the tuba section interrupted the customary chord.

Everyone turned to see what "the thing" was. On the raised platforms that seat the back row, in the place usually occupied by the second tuba player, there showed only a pair of feet waving in the air.

Tuba and player were on the floor with the chair that had tipped between two platforms. The player, firmly anchored to the floor by his knees, couldn't get up until nearby players came to his aid.

Then the rehearsal continued smoothly; the question in the minds of the players being being satisfied. What was "the thing"? "Oh, a 'boom,' boom!"

## KBYU Sets Auditions For Disc Jockeys

Disc Jockey tryouts for KBYU, the campus radio station, will be held in the auditorium at the speech center, Thursday at 4 p.m.

## Omega Nu Announces Plans For Openhouse

Omega Nu, honorary journalism fraternity, announces that its next meeting will be Wednesday, Jan. 24, at 7:00 in room 150. It is definite plans for the year's activities will be determined and outlined. All students majoring in journalism or interested in radio or newspaper work are invited to attend. Schedule for yearbook activities will be discussed. All members are requested to be there.

## Business Fraternity Sets Openhouse Date

Alpha Kappa Psi, professional business fraternity, will hold its openhouse Wednesday at 6:30 p.m. in room 245 Smith building. Dr. Smith Ford will address the group.

All men in the College of Commerce are invited to attend.

Cherie Marcell

## Fashion Trends

by Gayle Hall

As the first falling of snow descended upon the campus of Brigham Young, only thoughts of skiing and sleigh riding entered our minds. Who could possibly wish for summer with the prospect of winter sports and snow-bell lights in view! But in the land of perennial sunshine, California, spring is already showing its lovely head. Store windows are giving a tempting preview of the tawny in cotton wear, and the exclusive shops in Palm Springs are now not alone in their display of sun-baked and cool cotton dresses in all their delicate pastel colors.

Here at the Y, those of us from orange-blossom country (and I don't mean Florida), are already wistfully thinking of those summer clothes which we put away not so long ago, and wondering what happened to the day that we were so well with the just-shedding job. In fact, Cherie Marcell, from San Bernardino, Calif., just couldn't resist trying on this crisp white sleeveless well-hemmed dress. This casual costume is always a good standby for the maximum in

comfort, coolness, and style. Of course, Cherie completes the ensemble with one of California's favorites, the Joyce Grecian sandal.

Those of us who can possibly get away will no doubt rush some between quarters for a day of sunning on the beach and swimming in the surf, and thoughts of the beach naturally bring plans for a new bathing suit. One of California is introducing cotton satin in sheath styles with their well-known shirred fronts. Rose Marie Reed is using a lot of nylon fabric that is so beautiful, but expensive form fitting swim suits. Make of California gives you some similar styles for less money. Of course California is still on top with some of the best in beach apparel. One number previewed in the January Mademoiselle is a rayon and nylon shawlcut, with pockets, no less, and refreshingly trimmed in white eyelet!

From coast to coast college girls are choosing California clothes and if they saw, are copying their patterns from the beautifully styled west coast designs.

## PENGUIN SKI CLUB

Sponsoring the first Mat dance of the winter quarter and night skiing last Wednesday were only of small importance compared to what the Penguin Ski club has in store for February 3.

The Ski club will plan the activities to be held at the annual BYU Snow Carnival at Timpani Haven. For the purpose of planning this business, the club will meet in room 220 of the Brimhall building this Wednesday, Jan. 24, at 7 p.m. This will be an open house meeting for any students interested in skiing, regardless of their ability. All students who are interested are urged to attend this very important meeting.

## NAUTILUS

Despite the snow and wind, many girls braved the weather to come to the N. L. openhouse, where a lovely time was had. After the openhouse, the N.L.'s had a meeting at which rush chairman Barbara Romney discussed plans for the upcoming rush party. Joan Greer sized all the girls' heads as orders were taken for the new chic hats the N. L. girls will soon be sporting.

## SPANISH CLUB

New officers were installed and the coming schedule of events was discussed at the last meeting of the Spanish club in the east social hall.

Announcement of the new officers has been made by Arturo de Hoyes, retiring president. De Hoyes, retiring president, was terminated by secret ballot, new president is Rafael Juarez, Colonia Roma, Mexico; vice-president is Rosita Precilio, Buenos Aires, Argentina; secretary, Barbara Williams, San Diego, Calif.; Betty Ann Green, Spanish Fork, will be reporter.

Those in attendance enjoyed Latin-American films shown by Aron Brown. A program was also presented and those who participated on it were Carolyn Thompson, who sang "Estrellita," Edgardo Torres, singing "Tango," and Ernest Wilkins, who played the accordion. Other numbers on the program were two dances "Ranchar" and "Pasodoble" by Rafael Juarez and Mary Pratt; a song with guitar accompaniment by Aron Brown, and three songs by the Argentine Quartet, composed of Benny Mortensen, Brant Curtis, Sterling Stott, and Grant Reese.

All students who are interested in Spanish are welcome at meeting.

## COLORADO CLUB

A meeting of the Colorado club will be held next Wednesday evening in the Smith Commons. A party is planned and all students from the Centennial state are urged to attend.

## Utah Symphony Sets Radio Series

Utah Symphony orchestra, directed by Maurice Abravanel, will present a program each Thursday night during January, February, and March from 8 to 9 o'clock over KSL. Utah copper division of Kennecott Copper Corporation is sponsoring the series.

Grant Johannessen, noted pianist, will be the guest artist January 23. He will be heard in numbers by Milhaud, Ravel and Debussy. The February 1 program will feature numbers by Beethoven, Hindemith, and Cesar Franck.

## Thief Pulls Slippery Job

Has anybody with pockets large enough to conceal 75 gallons of fuel oil been seen in the vicinity recently?

The boys living at 157 North Seventh East were visited by a burglar. Passing by the books, typewriters, food, wallets, watches, the burglar stole 75 gallons of fuel oil.

## CHEMISTRY SOCIETY

The Chemistry Society will hold a skiing and tobogganing party next Friday, Jan. 26.

All members should meet in the Science Building lobby at 6 a.m. Toboggans will be furnished, but each student should bring his own skis.

## ALTA MITRA

An exceptionally successful openhouse in the Smith Commons, Thursday evening, gave promise of an active quarter for all members of Alta Mitra. The unit has already scheduled a slumber party for next week.

## ORCHESTRA CHOOSES' CONCERT SOLOIST

Ardean Watts was chosen to appear as soloist with the symphony orchestra in their spring concert, after auditions held on Friday, Jan. 12. It was announced by Lawrence Sardon, symphony conductor. Mr. Watts played the first movement of Beethoven's Third Concerto in C minor.

Paul Fish, playing Beethoven's Fourth Concerto, and LaVonne Thomander, playing Rachmaninoff's Variations on a theme by Paganini, won second and third places.

## Dr. de Jong Authors Religious Book

"Greater Dividends from Religion," Dr. Gerrit de Jong's new book which has just recently been published by the Deseret Book Co., is now obtainable at the Student Bookstore.

The foreword was written by Milton Heaton. Dr. de Jong wrote the book in support of his opinion that "Religion sincerely believed and constantly lived pays off handsomely in dividends of spiritual buoyancy, zest for living, motivation to gratifying accomplishment and to boundless personal development."

# Potent Pumas Punish Punchy Pokes

## BYU Wins 64-58, 65-38; Airtight Defense Stars

By Don Clay

The BYU basketball team hopped into first place in the conference standings last weekend as they capped two wins over the unopposed Wyoming Cowboys in the University of Utah field house. The Cougars beat the Pokes 64-58 Friday night and came roaring back Saturday night to trounce the outmanned Laramie Lads 65-38.

The double BYU won put the Cats (5-1) in first place in the Skyline Six, one-half a game ahead of Denver (4-2). The double defeat to Wyoming dropped the Cowboys (3-3) into third place in the league scramble.

The losses sustained by Ev Shelton's charges should go a long way toward knocking them out of the top twenty teams in the nation. Previous to last week's games, Wyoming was rated 32nd in the country by United Press and Associated Press. UP rated BYU 19th.

Both nights the Cougars were slow in starting but it was particularly so Friday. The Pokes tallied five points before Minson scored on a layup and then added seven more after Minnie's initial marker.

The Cowboys boasted leads of 12-4, 14-6, and 18-8 before the cold starting Cats could get moving. After Hughes scored on a twinning layup, with 2:36 left in the half, to make the score 28-19, things began to happen.

### Christmas Hills

Chris hit from outside, Hutch crashed a foul, and Richey stole the ball and went down all alone for two more before Varden hit two from the free throw line, making the score 30-24.

Chris and Hughes traded fouls and then came the Cougars' rush. Minson hit from a few feet out, Chris notched two more with a set, Minnie hit a foul, and two ends before the half Hutch came through with a beautiful tap in that gave the Pumas a 38-33 lead they never relinquished.

### Minson Sensational

Varden opened the second half with a game-tying foul only to have Chris hit on a set. Burns knotted the count at 34 with a one header from way out.

Here, Minson came through with a sensational, eyes-in-the-back-of-the-head pass to Joe Richey standing all by himself under the basket and the Cats were never knotted.

The Cougars went to work and built up leads of 53-39 and 54-42

before Wyoming launched its last ditch rally that twice carried them to within four points of BYU.

But with each last minute threat Roland Minson, playing one of his greatest games, answered the challenge as he scored the last eight points BYU tallied.

### Radovich Get 15

Roland Minson was high point man for the night with 24 counters on 16 for 35 from the floor and four for five from the foul line. Second high honoree went to shoot and holder Moe Radovich with 15 points. Moe hit 7 for 27 from the field.

Saturday night the Pumas again got off to a slow start and trailed 6-3, 8-5, and 12-7 before the Y got moving and registered eight straight points and a seven-to-beat lead.

With BYU leading 21-7, the Cougars unleashed the guns clashing 30 point rally that was featured by two beautiful driving shots by forward Joe Richey. The Cats led 31-33 at halftime.

### Salt in the Wounds

During the second stanza, the Cougars just hooped on the points against the hapless Cowboys. Rubbing salt in the already gaping wounds, Stan Watts earned the bench and the sub scored as freely as their first string teammates.

It was the great defensive work of the Cougars that was responsible for cranking Wyoming wide open. Ev Shelton employed three offenses and as judged by

the score, none were successful.

During the second half with Wyoming far behind they occasionally waived free throws in order to try for field goals.

For the second straight night, Roland Minson was high point man with 15 points. Minnie hit 7 for 12 from the floor and when added to his previous night's 20 for 34, gave him 37 for 50 for the two game set which is in all word, great.

Richey, Hillman, Hutchins, Romney, and Christensen all turned in very fine performances that must have Stan Watts smiling in his sleep.

Another outstanding performance was turned in by Jimmy Thorn. Jimmy registered the seemingly impossible as he committed as many personal fouls in 40 seconds as the whole BYU team committed during the entire first half.

"DARN THAT GUY'S ARM!" — says Wyoming's Bob Clemens (12) as he tries for a right-handed hook shot over, around or through the limbs of Mel Hutchins.

"I'M COMIN' THROUGH!"—Sophomore Harold Christensen drives in hard to rack up two more points against Wyoming during week-end tilt. Wandering what to do about it are Samuelson, Radovich, and Chamberlain.

## Ten Intramural Teams Unbeaten In Leagues

by Kent Larson

Play in the intramural basketball tourney gained momentum with the Dendosh's, Scrubs, Blue Devils, and Ag club turning in Tuesday evening wins.

In Wednesday night's play, the Riohouse, Skyline Five, and the Sheers, showing pointed attack, came through with victories.

There were some very good games played Thursday with the Faculty, Moscow Mules, the Sparkplugs, and the Torpedoes coming through with wins.

Although Bob Gates, who had 13 points, played good ball for the Geology club, they lost to the Dendosh's 47-29. The Scrubs played magnificent ball being led by Rupp with 26 points, they beat the Californians 70-30. The Blue Devils, led by Goodman with 16 points, played good ball to beat Idaho Falls 29-25. The Ags won by a forfeit over the Sevier club.

The Soph football, after taking a big win last week, took a trouncing from the Riohouse 30-13. The Bookstore took another wallowing from the Skyline Five 45-18. The Nogodunks and the Sixers came out on top 42-32. The Faculty, led by Peterson

and Saron with 13 points each, beat the Westerners 52-27. The Kia Ora club took a beating from the hands of the Moscow Mules 33-15. The Utah club tried hard but lost to the Sparkplugs 33-15. The Torpedoes played brilliant ball to beat Brigham 64-38.

The BYU Cougars hit for 41 percent of their shots during the recent week-end series with Wyoming.

Forty-one per cent is definitely considered a winning average in pro as well as college basketball.

## Frosh Cagers Trounce Tooele Twice

The BYU Freshman basketball team carried their winning streak to eight straight by whipping the outplayed, out-fought, and out-classed Tooele Ordinance quintet in games played Friday and Saturday nights in the Utah field-house.

In both games, coach Bob Bunker substituted freely, using every member of the squad.

Friday night, the young Cougars, spurred by the sharp shooting forward Dean Larsen, out-gained the Ordinance team to a 64-43 victory. Hudson paced the Tooele club with a total of 16 counters, followed by Ashcraft with 11.

In Saturday's tilt, the Ordinance team proved to be no match for the agile and fast ball-handling of the Y sharpshooters. With a final score of 83-33 in favor of the boys from Provo, the game proved to be no more than a scrimmage for the Frosh team. The scoring for BYU was well distributed since every member of the squad accounted for at least four tallies.

Coach Bunker, in his initial year as coach of the Frosh team, deserves much credit for the fine showing his team has made in winning such an enviable record. Friday's Game FG FT PF Pts

## Mortenson, Flake Seal Half-Time Show

### At Game

Benny Mortenson and Moss Flake were the stars of the intermission show between halves of the Wyoming-Y game in the Utah fieldhouse, Saturday, Jan. 20.

Dressed in cowboy garb and equipped with appropriate instruments, Benny and Moss gave a rendition of "Riders in the Sky" in the style of Spike Jones, Vaughn Monroe, Flake and Mortenson.

The BYU Saturday pep band, under the direction of Earl Jardine, also performed during the intermission.

"OMNUS UNO"—Tau Sigma officers include Dan Allen, Ken Caldwell, Dick Boyle, Doyle Thomas and Richard Miller.

### Wear Purple and Gold . . .

## Tau Sigma Brotherhood Dates Back to Early BYU History

"Omnia Uno," one for all and all for one. With this motto in mind, loyal Tau Sigma had their beginning in 1915 at the Brigham Young High School. The original members were a group of similarly interested fellows banded together under Glen Guyton brought about the formal organization and became the first president of the club.

During this time the club was known as the "Three P's." In 1921, however, Brigham Young University transferred all fraternities from the campus. Due to certain ties of brotherhood that had been established during the previous years, the Tau Sigma club remained intact until the institution of the present social system, under President Franklin S. Harris.

Since the inauguration of social units, the Tau Sigma organization has endeavored to maintain the cultural, social, and scholastic standards set up at this school. The Tau Sigma have traditional certain activities such as their annual Christmas party, winter invitational, spring dinner dance, and Tau Sigma Tupper which is held during the last week of school. The Tau Sigma-Brotherhood Tupper the banquet week is now an annual tradition.

The primary aims of these fellows are to develop leadership,

further scholastic and cultural achievements and to provide for the wholesome and enjoyable social activities at BYU.

The unit colors are purple and gold which is carried out in the design of the Tau Sigma sweaters with the replica of the pen on the side.

Always willing to participate and further the standards of the school, these members are actively engaged in all fields of student life. The unit can boast of its many members now serving in the nation field or in the armed service. With three of the Tau Sigma officers now in the nation field, thus leaves Dick Miller, president, alone to carry on the activity of the club until elections can be held.

Assemblies, skills, dances, intramural, debate, athletics, and music are but a few of the talents which these brothers duly take care of. Not to leave out the exchange parties and all other associations they duly assist.

Tau Sigma officers this year include Dick Miller, Arlington, W. Va., president; Dick Carter, Provo, vice president; Paul Clark, Provo, secretary; Ralph Morgan, Provo, treasurer; Paul Balmory, Provo, athletic manager; Frank Peterson, Bethesda, Md., reporter and historian; Winn Taylor, Provo, attorney.

## Ohio School Raises Men's Dormitory By Donated Labor

Wilmington, O. (I.P.)—Famous American personalities have sent their congratulations to Wilmington College upon the opening of the new quarter-million dollar dormitory for which students and faculty volunteered the labor.

Among others, messages came from Henry Ford II, and then Edwin Fairless, president of U.S. Steel Co. Mr. Fairless said: "May the spark which has been struck at Wilmington College inflame the minds and hearts of ensuing generations throughout America that they, too, may build and accomplish in a land of freedom."

The building which was begun in a field of ruin, was occupied by 126 men last fall. Cows and professors, as well as the young men, worked side by side digging, laying blocks and painting to complete the project which has attracted the attention of the entire country.

Construction has estimated that \$240,000 worth of labor would need to be hired to erect such a building.

## Ag Club Openhouse To Hear Dr. Pand

Dr. Smith Pand, head of the agricultural economics department, will be the guest speaker at the Agriculture club openhouse, to be held on Wednesday, Jan. 23, at 12 noon in 150 Union hall building.

Dr. Smith will speak on price and day agriculture policies and legislation. A special dance number will be featured entertainment and refreshments will be served.

All the old members are urged to be present and all others interested in agriculture.

## Bench and Bar Club Elects New Officers

Jack Roberts, president of the newly reorganized Bench and Bar, pre-law organization, has announced the officers for the coming year. They are Frank Wing, secretary treasurer, and John Morgan, program chairman. John T. Bernhard is the advisor of Bench and Bar.

The purpose of Bench and Bar is to further pre-law studies among its members, and to become acquainted with prominent men in the legal profession.

## Phi Eta Sigma Bids Freshmen Men With 2.5 Averages

All freshmen who attained a 2.5 grade point average during fall quarter are eligible for membership in Phi Eta Sigma, freshmen honor society, according to officers of the Brigham Young University chapter.

Bids will be sent to many of the eligible freshmen this week, but because of oversights there will undoubtedly be some deserving men overlooked. Officers urged all freshmen who have made the average to come to the openhouse regardless of whether they received a bid.

The BYU chapter, one of 11 throughout the United States, is actively engaged in promoting higher scholastic attainment among freshmen men.

Films, lectures, educational tours and many other activities are on the agenda for the remainder of the year.

The BYU chapter was organized in 1947.

Cheerleaders alone give the right to command—Emerson.
